YOUR PARTNER IN CHEMICALS

PRODUCTS FOR

INDUSTRIAL LAUNDRIES

LOUFAKIS CHEMICALS S.A. was established in 1987 with a vision of producing and distributing high quality chemical products, providing excellent technical support and direct after - sales services. An essential requirement for LOUFAKIS CHEMICALS SA development and growth is the cover of the market needs.

LOUFAKIS CHEMICALS SA is located in the Industrial Area of Thessaloniki, Greece, in three neighbouring facilities. The first one covers an area of 5 acres with 3.500 m² of buildings and the second area covers 8 hectares with production and storage areas of 4.000 m². The third area is a new sophisticated facility which includes 23,600 m² land with building facilities of 8640 m², 1026 m² administrative units (offices, etc.) and tanks for liquid chemicals storage with capacity of 1,500 m³.

To meet market needs in Southern Greece, LOUFAKIS CHEMICALS SA has its own storage area of 3500 m² in an area of 5.5 acres located in the Industrial area of Inofyta, Athens.

LOUFAKIS CHEMICALS SA besides its presence to the Greek market (Thessaloniki and Athens), is developing its exports to Balkans and Arab countries with great success, and has its own storage facilities in Sofia, Skopje and Belgrade in order to serve directly the local market in these countries.

LOUFAKIS CHEMICALS SA knows that the safest road to growth is continuous innovation. Therefore, a significant part of its infrastructure is devoted to research and development. Approximately 20% of its workforce deal systematically with research and development of new products, solve technical problems and support product's application for our clients.

The company produces and distributes chemical products for a variety of sectors, such as:

- Industrial Laundries
- Textile Industry
- Construction materials
- Food Industry
- Detergents
- Animal Feed
- Metals
- Water treatment and wastes
- Solvents

LOUFAKIS CHEMICALS SA knows that industrial laundries have to meet customer demands for efficient cleaning and prompt delivery of clothing at a competitive price.

LOUFAKIS CHEMICALS SA, in its effort to help industrial laundries to the above effort offers:

- Full range of cleaning products with excellent quality for effective washing
- Competitive prices
- Technical support from experienced staff and a fully equipped laboratory
- Direct communication and service
- Prompt delivery of products
- Assured quality (ISO 9001 & ISO 14001)
- Respect for the environment

The products developed by the research and development department of LOUFAKIS CHEMICALS SA, are presented below:

OZOLIT	Specially designed products with bleaching and disinfecting action operating at low temperature saving energy and time
SUPER CLEAN	Liquid detergents and oil removers which remove effectively the most persistent stains
ALKASIL BREAK	Alkaline cleaning boosters in combination with SUPER CLEAN offers excellent washing results
POWER DET	High performance laundry powder
SOFTENER	Softeners with perfumes that offer smoothness and freshness
NEUTRALIZER	Neutralizing designed for complete neutralization of residual alkalinity and prevent the yellowing of the fabric
FRESH	Selected perfumes spraying on the fabrics which offer a unique sense of freshness and cleanliness

Customers from industrial laundries may consider LOUFAKIS CHEMICALS SA as a useful partner who provides high quality chemicals and economic solutions everyday.
